

Which Key Investor Document (KID) applies to me?

Updated 25 August 2018

If you have chosen the Retiready ISA funds, this means you are directly invested in the BlackRock funds. This means that ISA investors will see information that refers to both Retiready Solutions (a brand name) and the BlackRock names in statements, illustrations and literature.

All those who manufacture packaged retail and insurance-based investment products must provide a Key Investor Document (KID) for customers. The information contained in the KID is not marketing material. It is required by law to help you understand the nature, risks, costs, potential gains and losses of this product and to help you compare it with other products.

You can see the KID that applies to your fund below:

- [Retiready Solution 2 ISA – BlackRock Volatility Strategy I](#)
- [Retiready Solution 3 ISA – BlackRock Volatility Strategy II](#)
- [Retiready Solution 4 ISA – BlackRock Volatility Strategy III](#)
- [Retiready Solution 5 ISA – BlackRock Volatility Strategy IV](#)

The value of investments may go down as well as up and is not guaranteed. There's a chance you may get back less than you invested.

Retiready and Aegon are brand names of Scottish Equitable plc (No.SC144517) and Aegon Investment Solutions Ltd (No. SC394519) registered in Scotland, registered office: Edinburgh Park, Edinburgh, EH12 9SE.
